

The expert for wood.

## VestoWIN – Pleasurable central heating.

**VestoWIN – Central heating cooker**  
Performance range: 16.9 – 21.5 kW

Suitable fuels:  
1/3 m split logs,  
unprocessed residual  
wood, wood briquettes.

# Pleasurable central heating.

## Grandmother knows best.

Cook, roast, bake, and provide your entire home with warmth – our grandmothers were able to appreciate the advantages of the good old central heating cooker. Not only because one can use it to really spoil ones loved ones with great cuisine. The wood-fired stove provides a comfortable, pleasant heat to the living room and ensures an allround cosy home.

## Simply delightful.

Once you have cooked on a wood-fired stove you won't ever want to have to do without it again. Whether it be freshbaked bread or a hearty Sunday roast – foods prepared in wood stoves are simply delightful and beyond compare with anything else. Top chefs appreciate this too.

## VestoWIN – rediscover tradition.

Traditional central heating cookers have lost none of their fascination in today's world. Windhager is now offering you a particularly timely solution in this respect with the new VestoWIN.

Load it with paper and split logs, light it up – that's all there is to it. It heats up in no time at all and provides your home with warmth and comfort. And at the same time particularly inexpensive, reliable and environmentally friendly. That's because with the VestoWIN, you are not only able to whip up tasty dishes, it also provides you with all of the advantages of a wood-burning central heating system. That means lower heating costs and a securely available fuel, which more or less renews itself endlessly right outside your door. Thanks to the innovative Windhager technology, the VestoWIN will also spoil you with its high degree of comfort and its particularly reliable and environmentally friendly operation:

In line with the motto "Pleasurable central heating", the VestoWIN combines all of the advantages of a traditional cooker with innovative central heating technology.

## Overview of the highlights:

### Versatile and flexible:

- ✓ Central heating and cooking in one.
- ✓ Flexible use for either primary or secondary heating.
- ✓ Easily combined with oil, gas or pellet heating systems.

### Practical and comfortable:

- ✓ Easy to use, not only for heating but also for cooking.
- ✓ Timeless design that integrates easily into existing kitchen units.
- ✓ Several colour variations to choose from.
- ✓ Height adjustable grate for summer and winter operation makes cooking enjoyable all year round.

### Durable and reliable:

- ✓ Top quality thanks to solid construction and proven technology.

# Inner <sub>and</sub> outer values.

Deciding on a VestoWIN means not only setting high standards in terms of functionality, it also means appreciating the value of a perfect appearance. Sleek form, straight lines and modern surfaces characterise its timeless design.

## Suitable for every kitchen.

No matter whether you are integrating the VestoWIN into a modern kitchen or – as seen here the more traditional style of a house in the country – it simply looks good wherever it happens to be. This means that heating with the VestoWIN is also a pleasure for the eye.

# Heating just the way you like it.

## VestoWIN variety.

Whether with or without an oven, for installation in either a more modern kitchen or in a traditional one – the VestoWIN offers solutions for the widest variety of requirements. Select your own individual VestoWIN model from two versions, two basic and three decorative colours – for heating and cooking exactly the way you like it.

Basic colour Cover, glass front, side panels	Boiler model	Decorative colour Decorative trim
<div></div> <div>white</div> <div></div> <div>dark grey</div>	<div></div> <div>VestoWIN Klassik (without oven)</div>	<div></div> <div>white</div> <div></div> <div>dark brown</div> <div></div> <div>brushed stainless steel</div>
<div></div> <div>white</div> <div></div> <div>dark grey</div>	<div></div> <div>VestoWIN Premium (with oven)</div>	<div></div> <div>white</div> <div></div> <div>dark brown</div> <div></div> <div>brushed stainless steel</div>

Deviations are possible between the colours presented here in the printing and the actual basic and/or decorative colours.

## Technology you can rely on.

With the VestoWIN you are deciding on a firstclass quality product "Made in Austria". Decades of experience in the manufacturing of wood heating systems, mature technology and the use of high quality materials are the guarantee of longterm safe and inexpensive operation.

- ① Standard equipment **insulating cover** for reducing radiated heat (it is also possible to have the cover closed during operation).
- ② Standard equipment **oven** with viewing window and thermometer (VestoWIN Premium 200/202).
- ③ Separated feeding of **primary air** and
- ④ **secondary air** ensures clean combustion and high efficiency.
- ⑤ Energy-saving operation thanks to the patented **fuel economy slider** and **combustion controlling mechanism**.
- ⑥ **Height adjustable grate** makes it possible to have economic operation in all seasons (Winter: large filling chamber for sustained slow combustion; Summer: Economical operation with small filling chamber for cooking and heating water).

- BV ...hot water tank feed
- KR ...boiler return
- BR ...hot water tank return
- SB ...safety device

All measurements in mm.

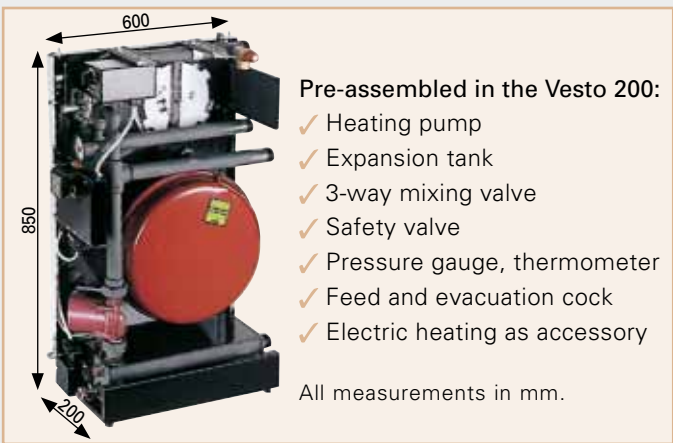

## Fast and simple to assemble.

### Fittings cabinet Vesto 200:

- ✓ All heating fittings are pre-assembled in the Vesto 200 in order to reduce costs and assembly time.
- ✓ The design and dimensions of the panel match the VestoWIN.
- ✓ A width of only 20 cm makes space-saving installation possible.
- ✓ The fittings cabinet can be mounted to suit mounted either on the left or right of the VestoWIN.

## Winning values.

Type-tested in accordance with EN 12815. **CE**. Meets the values of the §15a Vereinbarung (energy saving agreement), VKF accreditation and BimschV (German Federal Emissions Prevention Ordinance).
