

**PELLETS**

# BioWIN lite

The simple and convenient solution

**windhager**

Hopper options of 107kg or 200kg  
Up to 14 days operating time

InfoWIN operating module  
Status and cleaning information

Only 1.5 m<sup>2</sup> space requirements

Fully automatic cleaning function

**From :  
€ 4.990,00**

Pellet Central Heating Boiler  
Outputs: 10, 15, 21, 26 kW

# The Windhager wood pellet boiler providing quality and efficiency in a lite format...

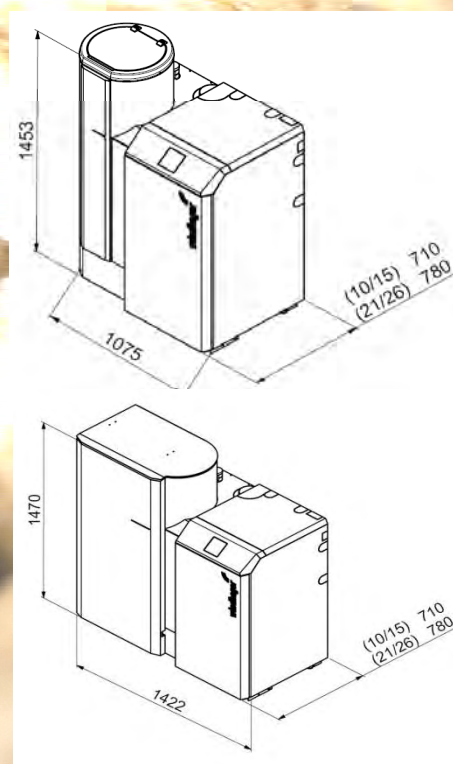

- Hand feed appliance
- Two hopper capacities
- Modulating output
- Long life ignition
- Quiet operation
- Fully automated heat exchanger cleaning
- Intuitive InfoWIN menu
- System control options

BioWIN lite - 107kg hopper

BioWIN lite - 200kg hopper

BioWIN lite	Unit	BWL100	BWL150	BWL210	BWL260
Rated thermal output range	kW	3,0 - 9,9	4,3 - 15	6,3 - 21	7,6 - 25,9
Boiler efficiency at nominal load	%	94,4	93,8	93,9 2)	93,9
Pellet fuel hopper	kg	107 / 200			
Total weight 1)	kg	286		308	
Weight of heat generator 1)	kg	200		221	
Minimum weight of main boiler body 1)	kg	170		191	
Flue gas connection diameter	mm	130			
Power consumption part load / nominal load	W	16 / 28	18 / 33	19,6 / 41,2 2)	21 / 48
